LARGER ENTERTAINMENT FOR TOURIST PLAN OF PROMOTION COMMITTEE

The first step toward carrying out the Promotion Committee's new policy providing for more extensive accommodation and entertainment of tourists, were taken yesterday afternoon when, at a meeting of the motionists, discussion was had on the matter of an amusement pier at Waikiki, a hotel on Tantalus and the providing of better facilities for those persons making the trip to Haleakala.

It was stated by Chairman H. P. Wood that he had conferred with Governor Pinkham regarding the proposed erection of a hotel on the slopes of Tantalus, and that the chief executive had informed him that two sites, both government property, were available for such a project. According to Secretary Wood, the governor said that he would be pleased to enter into a discussion on the matter with a competent committee. Chairman Emil A. Berndt, therefore, appointed a committee consisting of W. R. Castle, Fred L. Waldron, Wade Warren Thayer, Dr. C. B. Cooper, George G. Guild, Albert Waterhouse and Riley H. Allen to confer with the chief executive regarding the possibility of securing one of these upon which might be erected a hotel for the accommodation of both tourists and local persons.

Plans for a proposed amusement pier at Waikiki Beach were submitted to the committee by Architect H. L. Kerr. The estimates showed that such a pier would cost in the neighborhood of \$250,000. Chairman Berndt appointed a committee consisting of R. W. Shingle, Harry Macfarlane, "Sonny" Cunha, Bruce Cartwright, Jr., Bertram Rivenburgh, H. L. Kerr and R. O. Matheson, a committee to make an investigation into the feasibility of such a project and to report back to the committee at an early date.

The committee was asked to take some action with regard to securing prison labor in Kapiolani Park, it being requested by J. D. McInerney that at least 30 prisoners be detailed to assist in the upkeep of the park.

COMMERCIAL NOTES

Additions are to be made to the Pleasanton Hotel to cost \$40,000.

The pineapple canneries on Maui are reported to be working at full capacity.

This season's crop of coffee in the Kona, Hawaii, district will be worth \$1,000,000 if prices keep up.

Work is being rushed on the navy hospital buildings at Pearl Harbor by the Spaulding Construction Co.

Construction work at army posts here is awaiting the passage of the necessary appropriations by Congress.

R. H. Trent advocates the exploiting of Honolulu abroad as the best all-the-year-round residence spot on earth.

Ewa crop estimates have been reduced 1000 tons to 30,027 tons of sugar. This is owing to impure juices and low sucrose content of the cane.

Davenport Bush has been awarded the contract at \$2191 for erecting a new building on the Normal School grounds. Pupils of the school will do the painting.

Many plantation managers throughout the islands are encouraging moving picture shows as a means of brightening the lives of the laborers and their families.

What is regarded as one of the largest shipments of canned pineapples ever made from here is that of 48,000 cases in the steamer Wilhelmnia on her last departure for the coast.

Dr. E. V. Wilcox, special agent in charge of the federal experiment station, is acting as arbitrator of disputes between certain plantations of C. Brewer & Co.'s agency and cane planters on shares.

G. Fred Bush is having a country dwelling in the Colonial style erected on the mountain slope behind Alea, ten miles from Honolulu. It is of two stories, with extreme dimensions of 60 by 70 feet.

The Cliff Hotel of 13 stories in San Francisco, which will be opened the first of next year, is being erected by the estate of the same name from the proceeds of investments in the Hawaiian sugar industry.

Iwilei Rice Mill Company has been incorporated at \$12,500, in 250 shares of \$50 each, par value, with the privilege of increase to \$100,000. The incorporators are Chinese, Lam Kam Chin being the president.

J. D. Dole, the leading pineapple packer of Hawaii, is quoted as saying that 8000 tons of the fruit will rot in the ground this season, owing to the inability of the canneries to take care of all the crop offered to them.

Statements of Frank C. Lowry, sales agent of the Federal Sugar Refinery (C. A. Spreckels'), to the effect that the consumer of sugar has received cheaper sugar owing to the new tariff, have been refuted by Sugar, a Chicago magazine.

Plantations are making heavy demands on the federal experiment station for jack bean seeds, the crop of which will be plowed under to add fertility to the soil. It is said by Dr. Wilcox to be less susceptible to pests than the cowpeas used for the same purpose.

Since 1904 the growth of the Mutual Building and Loan Society, Honolulu, shows as follows: Capital paid in from \$10,847 to \$167,045; loans, from \$9952 to \$187,117; gross earnings, from \$415 to \$14,369; interest to members, from 4 per cent to 8 per cent; reserve and undivided profits, from \$170 to \$4533.

On the recommendation of R. S. Hoamer, superintendent of forestry, the board of agriculture and forestry has approved of the creation of two new forest reserves, which remain to be proclaimed by the governor if found desirable after a public hearing. One is the Kaupo and Kipahulu reserve on Maui and the other the Olaa Forest Park reserve on Hawaii.

Besides its original uses of drying algaroba beans for fodder and cane bagasse for sugar mill fuel, the steam dryer invented by G. F. Winter, engineer of Lihue plantation, has proved just the thing for treating alfalfa preparatory to grinding it into meal for stock. The product is said to be much superior to the coast article, as it includes the leaves with the stems of the plant.

J. Edgar Higgins, horticulturist of the Hawaii experiment station, will return from a year's detail of work in Porto Rico in the August transport from the coast. He has investigated pineapples in Cuba and Porto Rico and is bringing home many new ideas regarding the culture. Plants of a dozen of the finest varieties of pines grown in Florida and Cuba have been received at the station.

C. Paul Hagenlocher was suspended from membership of the Philadelphia Stock Exchange for one year.
